ACCO Industry Partners

ACCA Ohio is now the Air Conditioning Contractors of Ohio (ACCO). ACCA, at the National level, made the business decision to “disaffiliate” all local and state chapters from ACCA. What does this mean for contractors? It means that your company will not be required to be a member of all three levels in order to participate in ACCO.

As a member of ACCO, you will have access to all the features of membership. Now more than ever, businesses are looking for opportunities to cut costs and reduce expenses. ACCO has several programs available only at the state level specifically designed to do just that. Many of our programs are discounted or enhanced for ACCO members only.

I am ACCO...

“They’re helping us to become the contractors we want to be”

“ACCO provides access to information and answers that I need to keep my business successful”

Benefit of the Month / License Bond Program

ACCO's Bond Program allows members to purchase plumbing, HVAC, sewer and water bonds at a discounted cost for all municipalities in which they work.

The program is underwritten by Federated Insurance with the guidance and support of ACCO. The Association works very closely with Federated and municipalities throughout Ohio to insure that the bond program covers member needs.

OSHA Alters Confined Spaces Rule Attics and crawlspaces now classified as confined spaces, affected by new rule requirements. Read more [here](#)

NATE on the Rise The North American Technician Excellence program (NATE) is on an upward trend with more technicians testing and recertifying as consumers are looking for validation of technical skills when hiring HVACR service technicians. If you use NATE-certified technicians, remember the two-year recertification is possible without testing; a technician with 16 continuing education hours in his/her specialty may submit for recertification.

Do Business with a Member ACCO encourages our HVACR contractors to team up with our Associate members to do business together! By being a member of ACCO you share common interests in the HVACR industry. You will find that ACCO members working together make a strong alliance.
