Achieve More with ACCO

ACCO members are committed to excellence for themselves and their industry. Together, we are changing the HVACR industry for the better.

Benefit of the Month / Workers Comp Group Rating

ACCO group rating allows companies in the HVACR industry to “group” their claims history together. By grouping members with few or no claims, all businesses enrolled in our group can earn the BWC maximum discount on your premium.

Group rating enables ACCO members to save significantly on workers’ compensation premiums (up to the BWC maximum available discount). ACCO members save an average of \$4,000 with our program (Available to contractors and associates of any size).
