ACCO Benefit of the Month / License Bond Program

The ACCO Bond Program allows members to purchase HVAC, plumbing, sewer and water bonds at a discounted cost for all municipalities in which they work.

The program is underwritten by Federated Insurance with the guidance and support of ACCO. The association works very closely with Federated and municipalities throughout Ohio to insure that the bond program covers member needs.

Achieve More with ACCO

According to recent research, over 85 percent of businesses that fail are not members of a trade association. No matter the industry, trade associations give their members many advantages in a fast-paced, competitive world.

To join an association is to become a member of a community, a place to belong, where like-minded people share knowledge and work together toward goals they couldn't achieve alone.

Legislative Watch

Residential licensing we attended another interested parties meeting this past Tuesday. Along with ACCO and PHCC, Direct Energy, the Ohio Home Builders Association, and a staff attorney from the Legislative Service Commission met with our sponsor Rep. Tim Schaffer. We discussed an amendment to the bill to clarify language on independent subcontractors. All agreed on the language. ACCO and PHCC were asked to clarify other items/language/intent of portions of the bill following the meeting. Most of those items have been answered and forwarded.

With this meeting behind us, Direct Energy then informed us they will now (closely) examine and scrutinize all language contained in HB 339. ACCO and PHCC will continue to be aggressive and proactive in addressing any issues/concerns and keep the bill moving. Rep. Schaffer made it clear to us that he wants all issues resolved prior to committee hearings (possibly late Nov-Dec).
